Who We are

From FICAP (Federation of International Cable TV Associations of the Philippines), the organization has changed its name to FICTAP (Federation of International Cable TV and Telecommunications Association of the Philippines) as approved by the Securities and Exchange Commission dated January 4, 2012 and operates by virtue of the laws of the Republic of the Philippines.

It serves as the umbrella organization of Cable TV based in the 15 geographical regions located all over the three main islands of the Philippines. Its members are the small and medium cable TV entrepreneurs operating in the cities, urban and rural countryside. FICTAP covers particularly the entire archipelago, servicing the households of the first to the fifth class municipalities in the country.

The Association was formed in response to the persistent clamor of the small and medium TV entrepreneurs all over the country of the need to band together to form an organization that can effectively promote and protect the interest of its members who are faced with the challenges of growth in the Philippines and the world.
